Estimated anesthesia minutes given by dentist:

### Payment Policy:

- \$250 Deposit is due at the time of scheduling. There is a \$250 charge for patients who fail to keep the IV Sedation appointment without giving a 24 hour notice.
- Our financial office can help patients with medical insurance determine their out of network benefits. On the date of service you will be given a Superbill to file the anesthesia through your out of network benefits. Many medical insurance companies do not cover anesthesia services for office based dental care, however, PDAA is commuted to fully assisting you with the pursuit of any potential reimbursement.
- Your dental treatment plan may change after treatment is begun. Charges for anesthesia services may be more or less than the estimated amount based on the final length of the procedure. The anesthesia charges may be more than initially estimated and **an additional payment by credit card is due at the time of service.** Any overpayments will be refunded automatically to you.
- We accept cashier’s check , American Express, Discover, Visa, MasterCard, and Carecredit for payment in full 3 business days before the patient is treated. You can apply for Carecredit at [www.carecredit.com](http://www.carecredit.com)
- I understand that my health plan (Tricare and other plans) may impose a limit on balance billing by out of network providers. I wish to waive any limit on balance billing and receive treatment from this out of network provider.
- I understand that I am seeking the care of PDAA for a service that may not be covered by my insurance company. I understand that my insurance plan may not cover any part of the charges, costs or expenses related to Anesthesia services and I will be responsible for all charges incurred.
